

# REPUBLICAN ROBERTA LEWIS

## ON A MISSION FOR THE PEOPLE

Roberta 

**LEWIS**

**STATE HOUSE**

CONSERVATIVE \* REPUBLICAN \* VETERAN

**A Guide to  
Protecting Students  
from Predatory  
Behavior**

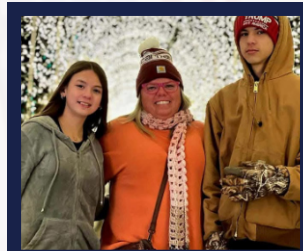

Roberta Lewis thrives on serving others—and she commits to the cause 100%. After ten years in uniform serving our nation and raising her family, she faced her toughest fight yet—when a corrupt system attempted to take her son without cause.

Roberta fought back, and now she's fighting for all Oklahoma parents as a leader in Moms for Liberty and co-founder of Broken Trust, a group that works at the Capitol to protect our children from a broken system and the woke leftists who have co-opted it.

There, Roberta saw firsthand how so-called “Republicans”—including the seven-year incumbent representative, Danny Sterling—vote against our values time and again. He even voted to give illegal aliens Oklahoma driver's licenses.

Now, Roberta is a MAGA mom on a mission to restore conservative representation to our district, clean out state government, reform DHS, get woke out of our schools, and—she will do it, without EVER taking from the lobbyists who are pouring millions into co-opting the legislators.

With your vote on June 16th, 2026—we take our state back.

# ROBERTA'S OKLAHOMA FIRST PLAN

## REIN IN THE TURNPIKE AUTHORITY

Like many state agencies, the Oklahoma Turnpike Authority has grown out of control—unaccountable to the people and unrestrained in its actions. It's time to phase it out and restore transparency, oversight, and taxpayer respect in state infrastructure planning.

## PROTECT FOOD FREEDOM, PATIENT RIGHTS, AND OUR BORDERS

Roberta backs MAHA and the MAGA agenda—defending food freedom and medical choice. When Danny Sterling voted to give illegal aliens Oklahoma driver's licenses and blocked efforts to track their impact on our schools, he sided with the illegal invaders of our nation. That's a betrayal.

## DEFEND THE VULNERABLE

The radical left always targets the most vulnerable—children, the unborn, and the elderly. We must root out woke barbarism from DHS and our schools, and stand firm for the right to life, from the first heartbeat to the final breath. Oklahoma must defend its people, not sacrifice them to the cold, soulless agenda of the left.

## SAVE OUR CONSTITUTIONAL RIGHTS

From free speech to the Second Amendment, our constitutional rights are under constant attack. We need proven, courageous leaders who will never back down—and never compromise with

those monied, George-Soros-funded special interests who are trying to take our freedoms away.

## DOGE GOVERNMENT AND LOWER PROPERTY TAXES

Incumbent Danny Sterling has voted to blow the lid off state spending—it now tops \$12 billion and even with all of this money, from DHS to Dept. Of Health, state government is a disaster. Roberta will demand audits, transparency, and spending cuts through DOGE. Savings must go toward real property tax reform that helps Oklahoma families, not the bureaucrats. **Less bureaucracy. More accountability. Because government should serve us—not itself**

## NO LOBBYIST MONEY—NO STRINGS

Lobbyist money turns conservatives into big-government liberals. That's why so many "Election Season Republicans" talk tough during campaigns but sell us out once in office. Not Roberta. She's rejecting all of it. Her vote belongs to the people, not the lobbyists.
